Vendors & Facilities**

In Table 1, list all recyclers, waste haulers, deconstruction contractors, salvage companies, recycling facilities, materials recovery facilities, landfills, and transfer stations that will be used for disposal, recycling, or reuse of project construction and demolition (C&D) debris. List any potential alternative vendors and facilities to be used. This will avoid the need to submit an amended RRP in case the services of a vendor or facility outside of the original selection are used.

Obtain Handling Method and Estimated Recycling Rate by contacting each facility.

TABLE 1
